

**1500 Series Package Gas**

The EnergyMiser™ brand 1500 Series, 15 SEER Package Gas/Electric Unit offers outstanding year-round heating and cooling comfort. Featuring high-efficiency compressors, you will enjoy lower power bills throughout the life of the system. The 1500 Series is ideal for ground-level or rooftop applications and is approved for manufactured or modular homes. In addition to a fully insulated cabinet, the exterior is constructed of painted sheet metal that offers a high quality, UV-resistant powder paint finish.

**Limited Lifetime Replacement Warranty\*\* of the Heat Exchanger & Compressor**  
**10 Year – Labor Warranty**  
**10 Year – Parts Warranty**

\*\* Limited to the original purchaser of the equipment

The energy savings and comfort alone is enough for most people to buy the EnergyMiser™ brand, but for those looking for another reason we offer two. The first is quality of construction; each Gas Pack in the EnergyMiser™ family has the Heat-Miser™ stainless steel heat exchanger. This is the heart of the furnace and the part that separates the harmful flue gases from the air that is in your house. The stainless steel prevents the heat exchanger from rusting out like we see in so many of our competitor's furnaces, which are made of aluminized steel. The stainless doesn't rust out and crack like the aluminized steel does.

Each EnergyMiser™ air conditioner comes with the ComfortMiser™ compressor, so dependable we gave it a lifetime warranty. Reason two is quality.

- High-efficiency ComfortMiser™ Two-stage compressor with a Lifetime Replacement Warranty
- Quiet, EEM (energy efficient), permanently lubricated blower motor
- Patented heavy-duty Heat-Miser™ stainless-steel heat exchanger with a Lifetime Warranty
- Uses environmentally friendly R-410A refrigerant
- Two-stage gas valve; natural gas convertible to propane gas
- In-shot burners with induced draft combustion
- Direct-spark microprocessor control ignition system
- Attractive, powder painted exterior with louvered condenser covers
- Internal condensate trap
- ARI certified; ETL Listed

Because each EnergyMiser™ product is constructed with the best material and parts, we offer the best warranty you can find anywhere. Each product is backed with a ten year no excuse warranty. If any product ever fails in the first ten years of operation we will repair it free of charge parts and labor. If the Heat-Miser™ heat exchanger or the ComfortMiser™ compressor fails in the first ten years, we will replace these at no charge, labor included.

After the first ten years each Heat-Miser™ heat exchanger and each ComfortMiser™ compressor has an original homeowner lifetime warranty. When we say this is the last heating and cooling system you will ever buy we mean it!

To get a free evaluation of your homes heating and cooling needs and to learn more about the EnergyMiser™ brand of comfort systems call Brothers Air & Heat today.
